SPORT
PROGRAM

Delivered by instructors with experience in early childhood and in their respective sports discipline.

THE CAMPS THAT FEEL LIKE HOME

SUMMER CAMPS DESIGNED FOR CHILDHOOD

When all needs are provided and nourished, the child thrives and a brain develops in the most healthy ways.

Due to the extremely rapid growth in the **early years**, the brains of babies, toddlers and preschool children **are especially vulnerable to and are significantly impacted by their environment and the people in it.**

Their **physical and mental health**, preparation for **learning** and their all important **belief in their worth**, is wiring in their incredibly rapidly developing brain during childhood.

EARLY CHILDHOOD EXPERIENCES MATTER

CHILDHOOD DESERVES
REQUIRES
EXPECTS LOVE...

... and safety, security, loving experiences, care-giver responsiveness, adequate amounts of sleep, health nutrition, a lack of chaos and safe opportunities to learn through movement, imaginative play with hands-on and sensory exploration in order to develop their brain well.

ALL THIS AND LOTS OF FUN!
